

Welcome to Worship

***'Faith is not knowing what the future holds,
but who holds the future'.***

Today I will draw a comparison between **Intellectual Faith** and **Heart Faith**.

Having a strong faith and living a good Christian life is not an insurance policy against the tragedies of life coming our way. As followers of Christ, we should not seek *logical* solutions to every one of life's challenges. Sometimes we just have to believe, as 2 Corinthians 5:7 says, ***We walk by FAITH and not by sight.***

If we feed our Faith by having a good consistent devotional life of Prayer and Bible Reading, the negative voices and influences will starve to death and we will walk the path of life victoriously. When we feel that God is all we have, we will find that God is all we need.

Faith is believing that Romans 8:28 is still relevant and, whilst not all things that happen to us in life are good, FAITH believes that **all things will work together for good.**
