

The Attributes of God - Grace

In today's message we will be looking at another of 'The Attributes of God' specifically Grace. Divine Grace is defined as the strength God gives us which enables us to live or do as Jesus would do were He in our situation. A more simple definition I like is God's Riches At Christ's Expense. There are three principal characteristics of Divine Grace: It is eternal, it is free and it is sovereign.

There is no doubt that grace and truth were fully revealed and perfectly demonstrated, when Jesus came to this earth and died for us all on the Cross. It is through Jesus alone that the grace of God flows through His chosen people. It was always part of God's ancient plan.

It should be apparent that we become followers of Jesus through God's unmerited grace, not as a result of any effort, ability, intelligent choice or act of service on our part. We will look at the grace of God displayed to the lost son, the woman caught in the act of adultery and the life of the Apostle Paul. We may well ask ourselves this question: 'Do we know God's grace fully in our lives?'

... May God's richest Blessing be with you all, Keith

The scripture reading for this morning's message is Luke 15:11-32.
